Subject: Film crew in our Community for Haisla Days

Kelly Steele, the Executive Producer at Might For Right Productions, has been working with our organization to develop a Heritage portal that highlights xá'isla culture, traditional practices, knowledge, and stewardship of xá'isla territory.

Within this portal, film footage will be created by Kelly and her team to document, preserve, and record culture, language, knowledge, and history for our community. The documentation will encompass a variety of elements such as art, film, stories, language, education, photographs, maps, graphics, music, and animated stories.

Kelly and her film crew will be present in our community during Haisla Day on May 18 and 19, 2024 to take footage of the various events. We will introduce Kelly and her crew before each scheduled event. If you prefer not to be filmed, please inform Kelly. Alternatively, you may also reach out to Margaret Grant, the HNC Communications Coordinator.

We are thrilled to capture our traditions, culture, and language for future generations to access.
