SUBJECT: Candidate Platform Submission – 2025 Haisla Nation Election

Candidate platforms are often a key focus during an election year. Members have expressed a desire to know who the candidates are and what their platforms entail. While it is typically up to each candidate to determine how and where they share their platform, Haisla Nation recognizes that our organization's communication reach may exceed that of individual candidates.

In the interest of fairness and neutrality, Haisla Nation will post the platforms of all confirmed candidates on our website as a single PDF document in alphabetical order using their last name. This ensures equal visibility for all candidates who have chosen to move forward in the election process.

If you have been nominated, have formally accepted your nomination, and you wish to have your platform included, please submit your document in either Word or PDF format to Devin Wall at dwall@haisla.ca no later than 4:00 PM on June 12, 2025. All submitted platforms will be published on our website as one document the following business day.

To ensure fairness and consistency, late submissions will not be accepted or shared. It is the sole responsibility of each candidate to ensure their platform is submitted by the stated deadline if they wish to participate.

The deadline aligns with the final date nominees must accept (or decline) their nomination. If accepting the nomination, this process will give membership the opportunity to review all platforms before electronic voting opens. Ballots will be mailed by OneFeather in accordance with our election code.

Candidates are welcome to coordinate and organize their own question-and-answer sessions with membership at their discretion.

If you are aware of any candidates who may not be regularly online but would like to participate, we encourage you to share this information with them.

Thank you for your commitment to a fair and transparent election process.
